# RECOMMENDATION AND INSIGHTS

## 1. Overall Business Performance

Ads Sales: 3bn (63.34%)  
Direct Sales: 2bn (36.66%)

=> Ads are currently the main driver of total revenue

Total Revenue and Ads Spend

Daily Ads Spend often exceeds daily revenue, indicating low efficiency  
=> Performance must be improved to avoid overspending

Old Customer (69.2%)  
New Customer (30.8%)

=> Strong customer loyalty, but new customer acquisition is weak and expensive

## 2. Sales and Customer Insight

Membership generate the highest demand and the most orders  
Hanoi and Ho Chi Minh City are the top-performing cities with the highest order volume nationwide. => These markets should receive prioritized budget allocation

## 3. Campaign Performance

On Day 19 and Day 23, Ads Spend exceeded the allocated budget  
AUDREY SHIRT campaigns generate the highest impressions, but FLOWER MAKE MY DAY campaigns generate the highest sales.

## 4. Product Campaign

Váy Chiết Eo Xòe has the highest total number of orders.

Váy Chiết Eo Ôm has the highest order rate (77% of customers who comment/inbox end up purchasing). => These products are strong performers and should be prioritized in future campaigns.
